Tasting Notes:

The 2020 Giapoza rosé is an explosively aromatic wine straight off the bat, with layered, exotic, generous aromas of strawberry, watermelon, guava, and passionfruit. In the mouth, the flavors are as electric as the aromas, with the addition of honeydew melon and citrus blossom. The wine's bright acidity makes it a fresh, extroverted addition to any poolside party or picnic blanket al fresco dining.

This wine will shine with a butter lettuce salad with strawberries, almonds, feta, and a citrus vinaigrette.
